

Classifiche Riviste

Web of Science

GEV 9

2007 – 2010

Si ricorda che queste classificazioni non devono essere in alcun modo considerate esaustive delle discipline di interesse dell'area 09, ma vogliono solo fornire un semplice ausilio agli autori, riducendone lo sforzo in fase di scelta dei prodotti. E' possibile presentare alla valutazione nell'area di competenza del GEV09 prodotti che siano stati pubblicati su riviste classificate in WoS e non comprese nelle liste pubblicate. La classificazione della rivista in oggetto verrà effettuata ex post con le stesse modalità con cui sono state classificate le riviste comprese nelle liste pubblicate.

Si sottolinea inoltre che per quanto riguarda il periodo 2004-2006 il GEV 09 effettuerà la classificazione delle riviste soltanto in base all'Impact Factor. Pertanto gli autori possono fare riferimento alla classificazione in quartili della rivista all'interno della/e *Subject Category/ies* di riferimento disponibile sul sito di Journal Citation Report (JCR) di Thomson Reuters all'interno della pagina di ogni rivista sotto la voce "Journal Rank in Categories". JCR è accessibile dalla home page di Web of Knowledge (www.webofknowledge.com) cliccando su "Additional Resources".
